

16.11.2016 - Meeting 12

Chaired by

Melanie Oldham, Richard De Vere, Caroline Kaye

Around the room introductions...

Aims & Objectives

The aims of the Cluster are two-fold:

- 1 – To support the members of the cluster by communicating National and International initiatives and trade opportunities, providing a networking platform to share ideas and best practice, encouraging collaboration and identifying partnership opportunities so that small cyber security specialist businesses in Yorkshire can find new ways to grow.
- 2 – To support the British Government's commitment to Cyber Security (and UK Government's Cyber Security Strategy) by building cyber security knowledge, skills and capabilities in the Region, to make businesses more resilient to cyber attacks and the Yorkshire region one of the most secure places in the world to do business.

Agenda

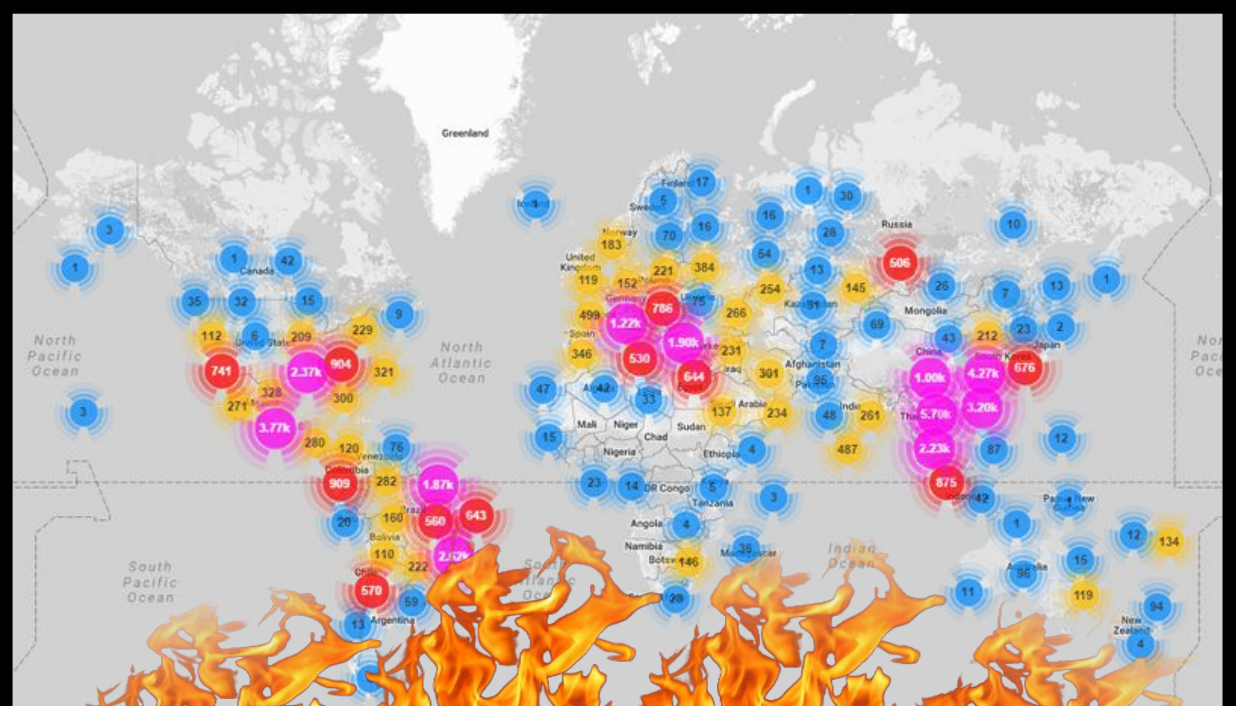

- Presentation from Mark Dearlove, Exa Networks
- Hot topics in Cyber Security
- National Initiatives & event
- The future of YCSO and replicating successes
- New Website Content!
- Actions for the next meeting

Hot Topics in Cyber Security

- NHS Mishaps remind us about email and it's flaws
- I've blogged some stuff, however criminals have also been busy
- TalkTalk's 16 year old, now 17 and due to be sentenced December
- Adult 'friend' finder... If you thought AM was awkward...
- Mirai - Let's make the code open source and use it for 'research'

Hot Topics in Cyber Security

National Cyber Initiatives

- Cyber Collaborate - <https://cybersecforum.com/>
- Cyber Exchange - <https://cyberexchange.uk.net>
- NCSC, National Cyber Security Centre - <https://www.ncsc.gov.uk/>
- CISP, Cyber Information Sharing Partnership <https://www.ncsc.gov.uk/cisp>
